Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for women's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WAR TO THE KNIFE.

War to the knife with revolution and the knife to the hilt, was proclaimed yesterday by Premier Stolypin in a telegram addressed to the governor generals, governors and prefects throughout Russia and to the viceroy of the Caucasus, who are ordered to strike and spare not in efforts to preserve order and crush "the enemies of society."

Included in this category, as shown by the events of the day, are not only revolutionists and socialists, but also the educated liberal and landed classes represented in the constitutional democratic party, whose clubs everywhere have been closed, and all the progressive newspapers, which are not permitted to lift their voices anywhere throughout the entire land.

Proclamations announcing that the death sentence has been imposed on the Emperor, General Trepoff, M. Pobiedonostseff, who was procurator general of the Holy Synod; General Orloff, the "pacificator" of the Balkan Provinces, and others, have been scattered over part of Peterhoff.

The terrorists are said to have succeeded in nailing copies of the sentence on the doors of General Orloff's and General Trepoff's quarters.

Two of the most famous victims of the terrorists who were "removed" after being warned that their deaths had been decreed, were the Grand Duke Sergius and former Minister of the Interior von Plehve. Several other men of less prominence have met the fate decreed for them at the hands of the terrorists.

The Czar himself has been condemned before, but the assassins have never been able to reach him. General Trepoff, the "iron-fisted," is another of the intended victims. Several attempts have been made upon his life, but he has always escaped even serious injury.

MURDER AND HOLD-UP.

While returning to his home near Horsey's road in the vicinity of Seaford, Del., last Saturday night, Robert Paswater was the victim of a brutal assault by two negroes, which resulted in a murder.

Paswater, who was in company with his father, met the negroes and demanded that they drive out of the road and let him pass. This they refused to do, and Oliver Cephus, one of the negroes, seized a stick of wood and felled young Paswater, spliting his head open. His father took him to a nearby house, where he remained unconscious until his death late Monday evening.

Cephus and his companion were both intoxicated, and several times during the evening, it is said, made threats to have somebody's blood. Both negroes have fled, and no trace of them has been found. The constables of all adjoining counties in Maryland have been notified, and a posse of farmers is now scouring a dense woods, believing that they are near by. The farmers are ready to lynch both if they are caught.

An influx of negroes from Maryland and Virginia, carried to Seaford to vote at the coming fall election, terminated in a brutal assault upon Urias Taylor as he was returning home Monday night.

Taylor had reached the Pennsylvania Railroad station when he was accosted by three big negroes, with drawn revolvers and razors, who demanded his valuables. They told him if he made an outcry they would kill him. Taylor fought them desperately, but they succeeded in relieving him of $10 in money and a valuable gold watch, which had been left him by his mother.

Glut of Peach Market.

The first virtual glut of the Baltimore peach market for this season set in on Monday and continued throughout yesterday. Thirty-one carloads of Elbertas from the great Georgia peach country came in on Monday and sent prices tumbling to 50 cents and $1 the carrier. The fruit, due to the excessive rains that have greatly lessened the Georgia crop and seriously affected the quality of the fruit, was inferior when compared with the usual grade of this fine variety of peaches.

A number of Baltimore commission merchants brought over a number of carloads to yesterday, and were forced to dispose of the crop in a number of instances at greatly reduced prices. The market was declared to be decidedly off.

About 125 carloads of southern peaches were rushed into New York on Monday and knocked the market into smithereens, prices settling to 50 cents and $1 the carrier, the same that prevailed in Baltimore. The fruit in each package received was more or less decayed.

The Eastern Shore peach was in direct competition in Baltimore yesterday with the Georgia product. The receipts were strong, but as a rule the quality was poor and prices low. Thirty-five to 50 cents the basket were the prevailing prices, with a draggy market and slack demand.

The noon boats of the Chester river line brought up about 2,000 baskets, and heavy shipments followed last night.

The continued rains throughout Maryland threaten to seriously affect the crop in all of the great peach growing sections, and in consequence fruit farmers are suffering with a well-developed case of the blues.

Work of Socialistic Society.

The wrecking by bombs of the stores of the Singer Sewing Machine companies at Sosnowice, Russian Poland Monday was the work of agents of the Polish Socialistic Society and intended as an example of what may happen to others for refusing to contribute to the revolutionary cause. Four stores were wrecked simultaneously at noon. They are located at Sosnowice,, at Bendzin, at Zawierze, and at Czenstochau. Many persons were wounded.

Emissaries of the socialistic party asked the representative of the Singer company's Polish branch to pay a certain sum for the benefit of the party. The agent refused to do so and was informed that the shops would be destroyed. In each instance a man entered the stores and ordered the women and clerks to leave. Details are still wanting, but it appears in some instances the employes refused to leave and the bombs were thrown without any further utterances.

In the Sosnowice branch eight persons were injured, one of whom will lose his eyesight. Four persons were arrested at Sosnowice including the probable thrower of the bomb.

Intense excitement prevails in Sosnowice and Cossacks are patrolling the streets. A sort of reign of terror exists, as other business houses have been threatened, and the public has little confidence in the power of the police to prevent fanatical deeds of violence in the name of liberty.

Killed by a Policeman.

The negroes of Charleston, W. Va., are getting excited over the killing of one of their number by Police Officer Morris Lacey, and for a time yesterday morning it seemed as if there might be an open outbreak.

Arthur Mason, Robert Jackson and Harry Neale, three young negroes, were drinking and carousing in the "red-light" district Monday night, and about four of them got into a wagon and were about to drive to their homes, when Officer Lacey told them to stop their noise. They drove away taunting the officer, and stopped on another street nearby and began singing and drinking and making other boisterous noises.

Lacey went to them and dragged Mason from the wagon. The negro jerked away from Lacey and started to run, whereupon the officer fired, and the negro ran a few steps father and fell, dying in a minute or two. The officer then secured an old piece of quilt, and, wrapping the body in it, threw it over the river bank in the weeds and bushes. He was arrested and placed in jail.

The coroner held an examination, and the jury rendered a verdict as follows: "We, the jury, find that Arthur Mason came to his death at the hands of Policeman Lacey without provocation."

Lacey is 50 years of age and has a family.

Extra Choice Head CAROLINA RICE Just received by J. C. MILBURN.

WEDNESDAY EVENING, JULY 25, 1906.

THE CITY COUNCIL last night, in accordance, it is believed, with the wishes of a majority of the people of this community, adopted the report of the joint committees on light, finance and general laws recommending the acceptance of E. E. Mandeville's proposition to furnish electricity for light, heat and power to the city of Alexandria. There was one dissenting vote in the Common Council and two in the Board of Aldermen. When the Mayor shall have signed the ordinance granting the franchise together with that embracing the contract they will become laws. While some have been apprehensive as to the outcome of this action on the part of Council, it may be said that the matter has been viewed from every standpoint by astute representatives of the people who have the city's interests at heart, and a large majority of them have arrived at the conclusion that in accepting the Mandeville bid the best course that could have been pursued under the circumstances has been taken. The contract may not be all that could have been desired, but the city's interests seem to be sufficiently safe-guarded by the instrument. At any rate the city has been made to face certain conditions which rendered it obligatory upon its representatives to devise ways and means by which electricity could be furnished the city. The latter is in no condition to furnish the same for reasons given by members of Council last night. There was but one way out of the difficulty, and the City Council, it is thought, has done the very best thing possible under the circumstances. The demand for electricity has been growing for years, and the matter could no longer be deferred. The members of Council who could not see their way clear to vote for it acted conscientiously and, as they believed, in the city's interests. They may later on realize that the majority did likewise.

THE former assistant engineer to the Panama Canal Commission says he does not believe the government can construct the canal under present conditions and that he is further convinced that no such conditions can be brought about as will enable the government to complete the stupendous task. He is further quoted as saying the Health Department has been doing magnificent work, but he declares that the same cannot be said of the engineering and construction department. He and others also claim that the comparative inefficiency and worthlessness of many of the young men to whom places have been given at the isthmus through political or personal influence or "pull" makes the task harder. Can it be possible that President Roosevelt has allowed such a condition of affairs to be inaugurated at Panama as is here disclosed to reward his friends, political or personal? Why it sounds like a chapter of the McKinley-Hanna doings in the war with Spain and not the strenuous procedure of the reform president who prides himself upon his eternal vigilance in the people's interest.

THE BIG $100,000 16-inch gun, with a range of twenty-one miles, which was made by this government, has been discarded, it having been found that with the powerful smokeless powder now in use it would not stand the strain of fire, and consequently would be more dangerous to those who fired it than to the enemy. But this is now a "billion dollar country" and the throwing away of a hundred thousand dollars for an experiment is a mere bagatelle!

THE income tax bill introduced by the French Ministry into the Chamber of Deputies is framed upon the English model. With this is apparently an end of the socialistic scheme of a progressive income tax for confiscating the property of the wealthy.

THE country should be prepared for a big trust busting stunt when the campaign for Congress gets warmed up, for as Secretary Taft said, the President does not like to be at the mercy of a democratic Congress.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, July 25.

Secretary Shaw will today start for the west, to be absent from Washington until about the middle of August. Secretary Keep will be in charge of the department. Secretary Shaw will spend a day in Chicago attending to some private and personal affairs and will then proceed to his home State. At Waterloo, Iowa, he will deliver an address on Saturday. Incidentally, but perhaps primarily, he will attend the republican State convention which meets on August first. While he will not, of course, admit it, his friends believe that his presence there on that occasion will considerably promote Mr. Shaw's presidential boom.

Samuel Byerley, the clerk in the office of the American Express Company, New York city, who put in four successful bids for the Panama canal bonds, has assured Secretary of the Treasury Shaw that he is going to make good on his purchase. The total amount of bonds to which he is entitled is $5,800,000. The Byerley bids average 103.989. While Mr. Byerley claims that in bidding he was representing certain financial interests it is the opinion of the Treasury Department that it was purely a speculative bid and that Mr. Byerley intends if possible to dispose of his holdings at a profit. If he should fail to dispose of his bonds they will be allotted to the next highest bidder. It is figured out that if Byerley should sell his bonds at 104 he would lose $1,250 on his first bid, make $100 on his second, make $250 on his third and $3,750 on his last bid, making his total net gain $2,350.

The biggest imaginary war ever pulled off in this country will begin in a few days. It will be participated in by practically the entire regular army on duty in Continental United States and by about 80,000 soldiers of the national guards, or approximately 150,000 troops. The regulars and the militia will be enlisted under one flag as allies against a common foe. It is expected to put the latter out of business by October 1. Anyhow, that is the plan of the general staff. Should the enemy develop unforseen prowess, there will have to be a new deal. The camps at Mount Gretna, Penna., and Chickamagua, Georgia, will be established not later than next Friday. All the others except that at American Lake, Washington, which will be established not later than August 10, will be started by August 1.

The request of the U. S. government for a pardon for Millie Brown and her associate will be favorably considered at tomorrow's session of the Cuban cabinet. This action will be taken in consideration of the declaration made by Miss Brown and the others arrested in the Isle of Pines that were ignorant of the law prohibiting the laying of private telegraph lines and their promise not to transgress again.

Virginia News.

E. Carlton Walker, of King George county, who was attacked and severely injured by a bull a few days ago, is now improving, and will soon recover.

Investigation of affairs at the Virginia Polytechnic Institute, Blacksburg, will begin today by a committee appointed for the purpose by the last legislature.

Judge Keith, at the request of the Governor, has ordered a special term of the Supreme Court for Tuesday, July 31, to consider the disputed matter relative to the insurance commissioner.

The police yesterday secured two convictions for the illicit sale of cocaine in Norfolk, those found guilty being S. T. Richmond, the keeper of an east Main street drug store, and J. Lee Seneca, his clerk.

In the rate hearing before the State Corporation Commission in Richmond yesterday, E. D. Hotchkiss, traffic manager of the Chesapeake and Ohio Railway, declared that Richmond would surely lose the bulk of its freight traffic if the proposed schedule of the commission is put into effect.

The committee on the investigation of the affairs of the Virginia Military institute, composed of Delegate J. R. Swift, of Spotsylvania; Senator William E. Garrett, of Henry, and Lewis H. Machen, of Alexandria, and Delegate R. E. Payton, of Richmond, were in Richmond all day yesterday, engaged in preparing the report on their findings.

Notice was served Monday upon S. D. Bloxton, of Harrisonburg, a well-known railroad man, of a suit for absolute divorce, which has been brought in the Circuit Court of Rockingham county by his wife, Mrs. Amanda Bloxton. The allegations of the bill are of a sensational character, charging Mr. Bloxton with cruelty, drunkeness, and gross immorality.

Hallie Heater, son of Charles W. Heater, president of the Virginia State board of agriculture, was struck by lightning and badly stunned Monday night at his home at Middletown, Frederick county. The young man was pumping water at a cistern when the bolt struck the barn and went down the rainspout. Heater was hurled to the ground, senseless. He suffered severely from shock, but will recover.

In the "Idlewood" cases in Richmond yesterday, Magistrate Lewis, of Henrico county, decided that both the president of the company and each individual employe engaged in operating the amusements on Sunday was guilty, and imposed a fine of $2 in each case. He also ordered forfeited the bond of $100 which had been required at Sunday's hearing as a pledge that the company and its employes would cease operations when notified by the officers that they were violating the law. An appeal was taken and the matter will next come before the Circuit Court of Henrico, over which Judge R. Carter Scott presides. Eventually the case will, it is expected, go to the Supreme Court.

The Murder of the Lyerly Family.

A mysterious turn was taken yesterday at Salisbury, N. C., in the case against the murderers of the four members of the Lyerley family, when a written confession of the crime was placed in the hands of Sheriff D. E. Julian, of Rowan, having been forwarded from the prison cell of the Mecklenburg jail. The statement is signed by Alexander Massay and W. N. Mitchell, two of the five prisoners charged with the crime.

It is declared that Jack Dillingham, another prisoner, and a white man whose name is withheld, committed the murder, killing Mr. Lyerly, his wife, a son and daughter because of a dispute between the Lyerleys and the wife of Dillingham, a tenant on the farm. It is further asserted by the prisoners that the other members of the family had nothing to do with the murder.

The letter recites that Dillingham doesn't deny the deed and is not afraid to make the confession, now that he is protected in the Charltote jail.

All efforts to ascertain the name of the white man supposed to be connected with the tragedy have thus far been unavailing. The story that a white person had a hand in the crime is not believed by the officers at Salisbury. Massay and Mitchell will be made witnesses in the case and will be brought to Salisbury, together with the quintet of murderers, on August 6, for a hearing at a special term of Rowan court.

Italian Runs Amuck.

New York, July 25.—Love lorn Italian Salvatore Deve ran amuck today in west 100th street, and, in trying to shoot his sweetheart, sent bullets into the bodies of three pedestrians. Deve is in love with a pretty girl of 18. He became jealous because the girl received attentions from other young men. His protestations to her being in vain, he decided to kill the girl. He waylaid her this morning as she was leaving her home, No. 127 west 100th street, and fired three shots at her with the result as above stated.

The temperature today has been delightful, the mercury at noon registering 82°.

Today's Telegraphic News

Conditions in Russia.

London, July 25.—The only sensational news which has come through from St. Petersburg today tells of the outbreak of armed revolution near Takum in the government of Courland, one of the Baltic provinces, and of the mutiny of troops at Brest Litousk, in the government of Grodno. The outbreak in Courland has been accompanied by the burning of Remptfen Castle, one of the ancient structures in the province. The peasants are in open rebellion and troops have been dispatched against them from both the east and west.

St. Petersburg, July 25.—An address to the people urging them to submit quietly to the decree of the Czar in dissolving the Douma, and prepare for another election, was issued today by Count Zyden, M. Stakovisch and Prince Luoff, the three conservative leaders of parliament, who declined to sign the manifesto adopted by the Douma at Viborg.

Odessa, July 25.—At last steps are being taken to prevent further disorders in this city, and avoid another massacre of Jews.

There have been numerous arrests of revolutionaries, and General Kaulbars is taking energetic steps to see that good order is maintained.

The Jews have not entirely recovered from the panic into which they were thrown by the threats of another massacre. They are still keeping away from the quarters where their homes are located and the hotels are full of refugees.

Cossacks yesterday killed four Jews and wounded two others in the Moldavanka district. The situation is quieter today, however, and it is now hoped there will be no further bloodshed.

Moscow, July 25.—A meeting of the socialist leaders was held last night to consider the suggestion that while not ordering a general strike at the present time, to call for a strike of the railway employees. The majority of the leaders at first supported the suggestion, but influential members of the minority pointed out that if a railway strike went into effect it would be impossible to transport corn to the famine-stricken districts, which would be certain to alienate the peasants from the revolutionary cause. After further discussion of the subject, it was decided not to order a strike immediately, but to await developments. The governor of Moscow has issued an order forbidding all public assemblies.

War on Electric Railway Company.

Cleveland, O., July 25.—War was begun on the Cleveland Electric Railway Company by the city this morning, when a force of 600 men was sent to tear up the tracks of the railway company in Fulton street, between Loraine street and Franklin circle. The force of city employes is under direction of Mayor Johnson and Chief of Police Keeler, and they were protected by a force of police. The action of the city was a surprise to the railroad company, because nothing of the kind had been anticipated. Vice President and General Manager John J. Stanley heard of what the city was doing and after the begining of hostilities said the purpose of the city was to aid the war for a low fare trolly company's tracks which are expected to come down Fulton street, from Euclid avenue to the East Side. Stanley said there was no question of the right of the Cleveland Electric Company to the use of the tracks on Fulton street He said the city's action was in violation of the company's franchise rights. "We shall apply for an injunction to stop the work as soon as the courts open," he said. The new company is ready to slap its own tracks down as soon as the city's gangs get out of the way. It will use only one side of the road and will make no effort to keep the old company off. Judge Gifford issued an injunction at one o'clock ordering the city workmen under Mayor Johnson not to tear up the tracks. "I will pay no attention to it," said Johnson. Deputy Sheriff Horn served on Mayor Johnson the injunction papers. Johnson said: "We are going on with our work. The papers have been properly served."

The Thaw Case.

New York, July 25.—Unless the attorneys for Mrs. William Thaw succeed in having a lunacy commission appointed and Harry Thaw declared insane and sent to Matteawan asylum, the young Pittsburg millionaire will be brought to trial on October 15 for the murder of Architect Stanford White. Clifford W. Hartridge, counsel for Thaw has reached an agreement with the district attorney's office that the Thaw case will be called for trial on that date. The defense in the trial will be emotional insanity, developed by causes, which in themselves may tend to show justification. Thaw still insists that his case should go before a jury and is obdurate to all entreaties to consent to the appointment of an insanity commission, which, if it should find him insane at the present time, would mean that he would not have to stand trial until he recovered. It is said that former Judge Olcott is now preparing to bring civil action to have Harry Thaw committed to an insane asylum irrespective of his wishes. This is said to be the reason Detective O'Mara has been so active lately in looking up past events in Thaw's life. If this step is taken Judge Olcott will in a few days go before the Supreme Court and ask for a commission to inquire into Thaw's sanity. If he is adjudged insane, he will be immediately taken to the asylum.

Mrs. Anna Crane a masseuse who was examined at length by the District Attorney, will be a valuable witness to the prosecution. It appears that Mrs. Crane was sent by Stanford White to Paris in the summer of 1904 to bring Evelyn Nesbit back to this country with funds supplied by him.

Accused Dismissed.

Freehold, N. J., July 25.—Frank Pordoni, was this afternoon acquitted by the jury on the charge of having murdered and robbed Mrs. Mary Naftal, of Asbury Park, N. J. Mrs. Mary Naftal, 80 years old, wife of Morris Naftal, was found dead in her apartments 151 Main street, Asbury Park, on December 13 last. She was bound hand and foot and part of a feather bed was stuffed in her mouth. The odor of chlorotorm was noticed. Diamonds worth $7,625 and $1,800 in cash which she had in a pocket of her underskirt, could not be found.

W. L. Watson, a member of the Fredericksburg city council, and a prominent business man, died at his home there yesteday, after an illness of one week of typhoid fever. He was thirty-eight years of age.

Interparliamentary Peace Conference.

London, July 25.—The interparliamentary peace conference today adopted a resolution urging the next Hague conference to discuss the subject of the limitation of armaments. In the meantime pressure will be brought to bear on the various parliaments represented at the conference to take action in regard to this subject, as well as to define what shall constitute contraband.

A luncheon followed the session at which the Lord Chancellor, William J. Bryan, Ambassador Whitelaw Reid, the ambassadors of several of the other powers, and a number of the British cabinet members were present. Mr. Bryan made a short speech at the luncheon.

Strike of Railway Employes.

New Bedford, Mass., July 25.—The railway strike situation is quiet this morning. The railway management propose to run cars today on the same schedule as yesterday. Only one line is being operated fully. Following the riots on the street last evening which resulted in two arrests, the breaking of windows in seven of the cars, and the storming of the car barns by a mob of a thousand women and boys, Mayor Thompson announced today that he will call for the aid of the state milits forces if he finds it necessary to quell riots. President Crapo of the railway says that all employes failing to report for duty this morning must consider themselves discharged for cause and that new men will be put to work in their places.

Murderer Arrested.

Elizabeth, N. J., July 25.—Alexander Hermann, who murdered Martin Korsinki, in Bridgeport, Conn., on the night of July 4th, was arrested here last night in the Central Railroad transfer freight yards by Detective Sergeant McGrail, assisted by Officer Brogan. The murderer was taken fully unawares and had no chance to use the long case knife or the brass knuckles which were found in his possession. Hermann at first refused to admit his identity, but when he saw that there was no chance to escape, he admitted that he was Alexander Hermann, of Bridgeport. He has been in this city for several days, working in the freight yards.

Arrested on Complaint of His Wife.

Reading, Pa., July 25.—Thomas J. Leavens, a bond broker, of Middletown, Conn., was arrested at Allentown today on complaint of his wife, who alleges he registered with another woman at the Hotel Allen, as man and wife. The other woman is said to be an actress. The wife and her sister disguised themselves and registered under assumed names. Leavens left for Harrisburg, but was caught and brought back. After he was jailed, the wife relented, and withdrew the charge. The couple left the city together.

Baseball Pitcher Arrested.

Pittsburg, July 25.—Joe McGinnity, pitcher for the New York baseball team, who was arrested at exposition park yesterday during the game between the Pittsburg and New York teams, after a fist encounter with "Heine" Peitz, catcher for the Pittsburg club, did not appear for a hearing at Allegheny Central Police Station this morning, and Magistrate Hadfield declared that he had forfeited his deposit of $50. He was charged with disorderly conduct. A large crowd was present at the police court. None of the baseball officials appeared.

Another Fight with Pulajanes.

Manila, July 25.—Another battle has been fought by the Twenty-fourth infantry with the bandits in the Island of Leyte, who on Sunday defeated a detachment of constabulary, killing Lieutenant Woernicke, an American scout named O'Brien, and twelve natives, in which fifty of the bandits were killed and fifty were wounded. There are over 1,000 of the bandit fanatical pulajanes in the field. The pursuing force of infantry and constabulary overtook the pulajanes and a battle followed with the result announced.

Bowling Green Unveiling.

Richmond, Va., July 25.—Governor Swanson today went to Bowling Green, where he delivered an address at the unveiling of the Confederate monument at that place. Other speakers were Mr. Joseph Bryan and Captain Robert E. Lee. This was an historic day in old Caroline, and there was present one of the largest crowds that was ever seen on a like occasion. The day's programme will be rounded out with a big dinner, to which the thousands will sit down in a hearty and contented enjoyment.

A Denial.

Oyster Bay, N. Y., July 25.—Emphatic denial was made at the executive office today of the story that President Roosevelt is contemplating a speech making tour through Pennsylvania this fall. The only addresses to be made by the President in Pennsylvania, according to Secretary Loeb, are at Harrisonburg and York, on October 4, the day he attends the dedicatory exercises at the State capitol. Neither of these speeches will be of a political nature.

Destruction by Waterspout.

Lyons, France, July 25.—The village of Fourneaux de Maurienne Madonna was devastated today by a gigantic waterspout. Twenty-two houses were swept away and tons of mud and refuse cover the railway tracks, stopping all traffic. It is feased that the death list will be a long one. Thus far, thirty persons have been reported as missing. The damage to property is estimated at 5,000,000 francs.

The Castellane Divorce Case.

Paris, July 25.—The courts today announced that the suit of Countess Ann de Castellane against Count Boni for divorce, will be heard between October 17 and 24th. The case of Boni's creditors against the nobleman, has been postponed until the same time.

New York Stock Market.

New York, July 25.—The stock market was full of buying orders at the opening and all through the first hour there was a strong tone to the trading.

County Assessor Waylaid.

J. W. Coulter, of Leslie S. D., Assessor of Stanley County, relates the following: "I was waylaid by a complication of throat and lung troubles, bronchitis, asthma and a terrible cough, which had affected me for years, when I was persuaded to try Dr. King's New Discovery. Relief came almost immediately, and in a short time a permanent cure resulted." No other medicine compares with it as a sure and quick cure for coughs and colds. It cures after all other remedies have failed. Every bottle guaranteed by R. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

The Market.

Georgetown, July 25.—Wheat 65a75.

City Council.

There was an extended session of the City Council last night, it being half-past eleven o'clock when the two boards adjourned. The volume of business transacted, however, was not large. The report of the joint committee on light, finance and general laws leasing the electric light franchise to E. E. Mandeville, of Philadelphia, for a term of 30 years, was adopted by both boards. But one member voted against it in the Common Council and two in the Board of Alderman. After quoting a price of $75 per annum each for not less than $5 2000, candle power arc lights, $16.50 for 25 candle power incandescent lamps, and $19.50 for 32 candle power lamps for municipal purposes, Mr. Mandeville agrees to furnish current for private consumption at 12 cents a hour and 7 cents for each additional hour, with a reduction of 50 per cent on incandescent lights used by the city, except in the court houses, the mayor's office, and the engine houses, which shall be lighted free. The churches, the Alexandria Light Infantry armory, and the Alexandria Hospital are to be furnished current at a discount of 50 per cent less than the price to other consumers, and the city is to receive 5 per cent of the gross receipts in lieu of taxes.

BOARD OF ALDERMEN.

All the members of the board were present, and shortly after having been called to order a recess was declared while waiting for papers from the lower board, there being no business before the Aldermen.

Later several papers were sent in from the Common Council and after the Aldermen had concurred in the action of the lower board an ordinance granting to E. E. Mandeville the electric franchise was received and read. The joint committees had recommended the adoption of the same as the most favorable of the bids which had been received and it had been passed by the Common Council by a vote of ayes 15, noes 1.

President Sweeney (Mr. Curtin in the chair) made an emergetic speech against concurring in the action of the lower board. He said this had been the second or third time he had opposed the sale of the electric light franchise, on both of which occasions he had given his reasons for his action. The people's interest, he said, should be protected in this important matter, he believing that the furnishing of light and water should be controlled by the city. He gave a succinct history of his previous course in the matter of the electric light franchise, going into all the details of the Barstow proposition. He took the Mandeville proposition and went over it section by section and showed why, in his opinion, it should not be adopted by Council and dwelt especially upon the section which makes it obligatory upon the city to dig trenches for conduits in the event of laws being enacted compelling the placing of wires underground. He said in such an event the city would be compelled to spend at least $20,000, as the vitrified brick roadway would have to be disturbed in order to make such a change. The speaker called attention to the fact that the city was to receive but $5,000 for the franchise. He also was averse to the section providing for the purchase of the new plant by the city in case it became necessary for the city to assume control of the plant. Mr. Sweeney said he was not opposed to the city having electric light and power. He said Alexandria should have such a plant, but he believed the city could construct and operate one, and he saw no difficulty in the way of raising the necessary money. The speaker also took issue with those who asserted that the present electric plant was falling to pieces, and said it would continue to give satisfaction for years to come with the necessary attention. Mr. Sweeney said he had not had time to sufficiently study the measure before the board, as a copy of the contract had been put in his hands late in the evening. The speaker referred to a proposition of the electric railway company which had just been submitted, that corporation guaranteeing to furnish current for arc lamps at $45 each. He did not believe the offer of Mr. Mandeville to be the proper one for the city to adopt, and said the petitioner did not guarantee to erect and maintain a plant. He could at any time forfeit the $10,000 penalty and still hold the electric light franchise. Mr. Sweeney was especially solicitous of the gas works and said that institution would have competition which would eventually cripple it as a source of revenue to the city, and in the end Mr. Mandeville would have control of all the light of the city. The speaker said also that in his opinion the entire procedure was illegal and should not be passed on the same night by both boards, as it provided for an appropriation. He quoted laws which forbid the passage by both boards on the same night of measures appropriating over $1,000, or for raising revenue

Mr. Simpson said he had listened with pleasure to the remarks of the President, and agreed with Mr. Sweeney that representatives of the people should labor in the interests of their constituents. He was satisfied that Mr. Sweeney was convinced that he was acting for the public good. Mr. Simpson said under ordinary circumstances it would be better for the city to own an electric plant, but Alexandria was confronted with conditions which debarred it from providing a suitable plant. The present electric light plant was out of date and out of repair, and did not meet the wants of the community. In fact it never did nor never will. Mr. Simpson then read a carefully prepared statement of the present financial condition of the city in which he showed that the city debt now amounted to $794,000 and that Alexandria has reached its limit under the law, as it could only incur an indebtness equal to 15 per cent, of the assessed value of real estate, hence Alexandria was beyond the borrowing limit. Besides in three years' time the city would be compelled to make some arrangements to meet its obligations on the bonds of 1879. Mr. Sweeney had said in his speech that he had not had an opportunity to examine closely the Mandeville contract. Mr. Simpson asked him if it was not a fact that he had been invited to the meeting of the joint committees.

Mr. Sweeney acknowledged that he had, but said that he had been president of both boards of the City Council and during his incumbency he had not been in the habit of attending committee meetings.

Mr. Simpson continuing said the electric railway company had impertinently (and he did not use the word offensively) submitted a proposition after the committee had adopted the Mandeville proposition.

Mr. Curtin said it must be acknowledged that the present electric plant does not meet the demands of the people. It is only able to furnish street lighting, and he was convinced that the city was not in a position to erect a suitable plant for light and power. He had always believed that the city should own its electric light plant, and believed so now, but as it was not able to provide one, and after a careful review of the conditions now confronting the city, he had determined to accept the Mandeville proposition. He was convinced that the people wanted electricity, and he would waive his own opinion in the matter. Did he believe, however, that the city was able to build a plant, he would vote against it. Mr. Curtin said it was a mooted question whether a modern electric plant would hurt the gas works. It had not done so in other places. The speaker said moreover that he was in favor of the advancement of the city's interest and would not stand in the way of any movement which would tend to its growth.

Mr. Ballenger said he could not vote for acceptance of the proposition until it had been demonstrated to him that it was the most favorable offered, and especially in the face of the proposal that had been submitted by the electric railway company.

The ordinance was read the second and third times and passed by the following vote: Ayes, Messrs. Hill, Burke, Marbury, Simpson, Curtin and W. H. Sweeney—6. Noes, Mr. Ballenger and Mr. President—2.

The ordinance embracing the contract with Mr. Mandeville was subsequently read three times and passed—ayes 7, noes 1—Mr. President.

After concurring with the Common Council on a number of papers sent in the board adjourned.

COMMON COUNCIL.

All the members were present when the board met shortly after 8 o'clock. A communication from the Mayor enclosing an offer from the Washington, Alexandria and Mt. Vernon Railway Co. to furnish electric current to the city at, arc light 2 cents per kilowatt or $45 per lamp per year. The sale to private consumers at 3 cents per kilowat.

The Chair said that without objection the matter would be referred to the committee on light, finance and general laws.

Mr. Spinks gave the judgment of Electrical Engineer Van Zant in favor of the proposal of the railway's offer and read some statistics to support this opinion. This plan Mr. Spinks said would give the city a profit of $14,000 in ten years—an excess of $8,950 over the proposal of the Mandeville plan.

He moved that the whole matter be laid over.

Mr. Boothe said that Mr. Spinks had mistaken the opinion of Mr. Van Zant. The railroad current proposed began at the boundary and would require the city to pay $30,000 for wiring the city and it would cost $77 per lamp. He also said the city would have to pay for taking care of the lights pay damages for any accidents &c. Mr. Boothe said that in three years the city's debt would have to be refunded and the city now is in no condition to invest money in an electric plant.

Mr. Strauss asked what was before Council.

The Chair said that as the proposal for the W., A. & Mt. Vernon Railway had been referred there was now nothing before the board and he had expected this point to have been raised before.

The finance committee reported in favor of an appropriation of $73 in favor of Lieut. Smith, this being the amount of his salary while he was ill, and the report was agreed to.

The ordinance granting E. E. Mandeville the franchise for the electric lighting, &c., of the city, under the advertisement recently published, for a period of 30 years was presented by the committees on light, finance and general laws. The ordinance follows the advertisment in all particulars. It was read and was followed by the reading of the report of the electrical engineer, Mr. Hazelton, which showed the superiority of the Mandeville plan over all the other proposals in net cost, cost to consumers, cost to churches, &c., and in the proposals for the plant, &c.

Mr. Bryan called attention to the fact that the cost of each arc lamp under the Mandeville plan would be but $53.74—far less than any of the other plans.

The ordinance was read the third time.

Mr. Spinks raised the question whether, as the ordinance contained an appropriation it could be passed on the night of its introduction.

The Chair held that this was a case similar to the fixing of an officer's salray when an ordinance appropriating the money for the salary would follow. He held that its passage to night would be entirely legal.

The ordinance was then passed, fifteen members voting in its favor and Mr. Spinks alone in the negative.

An ordinance for carrying into effect the contract with E. E. Mandeville was then read. It provides for not less than 85 arc lights, and for incandescent lights.

Vice President Uhler made the second reading of this ordinance while Mr. Rishell was called to the chair during that period.

This ordinance was also passed, yeas 15; nay—Mr. Spinks.

An ordinance to pave Fairfax street from King to Cameron with vitrified brick was adopted—yeas 16 noes none. Mr. Spinks at first voted, by mistake, in the negative, but at once changed amid laughter; he said his thoughts were in the other chamber.

A resolution by Mr. Boothe requesting the Mayor to declare a holiday on Alexandria Day, July 30, at Luna Park, was agreed to.

After waiting until the Aldermen had adopted the ordinance relative to the granting of the electric franchise to Mr. E. C. Mandeville,

Mr. Williams introduced a resolution looking to the lighting by electricity by the railway company of the line of King street beyond the city boundary, which was adopted. The following were referred:

Application for the setting of curb stones on Lee street from Franklin to Jefferson, and application of R. L. Myers for leave to roof in his stable yard with rubberoid.

Resolutions of the Relief Hook and Ladder Co. thanking Council for its recent appropriation were read and received.

The board at 11:20 o'clock adjourned.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Alderman of the city of Alexandria, Va., held July 24, 1906, there were present:

J. T. Sweeney, esq., President, and Messrs. Hill, Burke, Marbury, Ballenger, Simpson, Curtin and W. H. Sweeney.

An ordinance to grade, curb and pave King street west to the corporation line with vitrified brick, and an ordinance requiring the Washington, Alexandria and Mount Vernon Railway Company to lay grooved rails and pave with vitrified brick between the rails and two feet outside on said street, received from the Common Council July 10, 1906, and laid over, were again laid over.

An ordinance to grade, pave and curb Fairfax street, from King to Cameron, was received from the Common Council and laid over.

The report of the Committees on Streets and General Laws on a message from F. J. Paff, Mayor, in reference to injunction proceedings by the Washington-Southern Railway Company in regard to the proposed removal of the railroad track from Henry street, received from the Common Council July 10, 1906, was again laid over.

The following were received from the Common Council and their action concurred in by unanimous votes:

Report of the Committee on Finance on a petition of W. S. Jones for an abatement of taxes.

Report of the same committee on a petition of Lieutenant Smith for the payment of his salary while confined to his home by sickness.

Report of the same committee on a resolution for the purchase of 30 copies of the Municipal Journal and Engineer.

Communication from F. J. Paff, Mayor, enclosing a proposition of the Washington, Alexandria and Mount Vernon Railway Company to furnish electricity to the city.

A resolution of thanks to the City Council passed by the Relief Hook and Ladder Company.

Resolution requesting the Mayor to confer with the Washington-Southern Railway Company for the purpose of securing better light on King street extended from the Union station to the corporate limits.

Petition from R. L. Myers for permission to place a roof on a stable yard at the corner of Cameron and Pitt streets.

Petition of residents of Lee street, between Franklin and Jefferson, for the setting of curb stones.

Resolution directing the Mayor to declare a holiday for such part of Monday, July 30, 1906, as will best suit those having in charge "Alexandria Day" at Luna Park on that day.

An ordinance to grant the right to Edward E. Mandeville, his successors and assigns to furnish electricity for light, heat, power and any other general purposes was received from the Common Council. The ordinance bore the following endorsement by the Committees on Light, Finance and General Laws:

"In the opinion of the Committees on Light, Finance and General Laws, to which the bids of Edward E. Mandeville, Charles H. B. Chapin, Howell & Sinclair, F. W. Bryant and Weller & Cockrell were referred for consideration and report, the bid of Edward E. Mandeville is the highest and best bid, and your committees recommend the passage of the within ordinance granting the franchise to the said Edward E. Mandeville."

The action of the Common Council was concurred in by the following votes: Ayes, Messrs. Hill, Burke, Marbury, Simpson, Curtin and W. H. Sweeney—6. Noes, Mr. Ballenger and Mr. President—2.

An ordinance empowering and instructing the Mayor of the city of Alexandria to execute a contract on behalf of the City Council of Alexandria with Edward E. Mandeville, his successors or assigns, in reference to the furnishing in this city of light, heat and power by electricity, was received from the Common Council and their action concurred in by the following votes: Messrs. Hill, Burke, Marbury, Ballenger, Simpson, Curtin and W. H. Sweeney—7. Noes, 1—Mr. President.

The board then adjourned.

J. T. SWEENEY, President.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held July 24, 1906, there were present: Hubert Snowden, esq., President, and Messrs. Leadbeater, Burke, Rishell, Strauss, Basder, Brill, Boothe, Pollard, Hellmuth, Harrison, Uhler, Marshall, Spinks, Bryan and Williams.

A communication from the Mayor enclosing a proprosition from Mr. J. Colvin, superintendent of the Washington Alexandria & Mt. Vernon Railway Co., to furnish electric current to the city, was received and referred to the Joint Committee on Finance, Light, and General Laws.

The Joint Committee on Finance, Light and General Laws reported that it was the opinion of the Joint Committee to which the bids of Edward E. Mandeville, Charles H. B. Chapin, Howell & Sinclair, F. W. Bryant, and Weller & Cockrell were referred for consideration and report, the bid of Edward E. Mandeville is the highest and best bid, and they recommended the passage of the ordinance granting to Edward E. Mandeville his successors and assigns, to furnish electricity for light, heat power and any other general purpose to the city of Alexandria. The ordinance was read the first second and third times and passed. Ayes 15, noes 1, (Mr. Spinks).

The Joint Committee on Finance, Light and General Laws reported That in order to carry out the provisions contained in the bid of Edward E. Mandeville and protect the rights of the city and of the said Edward E. Mandeville, That an ordinance empowering and authorizing the Mayor to execute a contract with Edward E. Mandeville be passed. The ordinance was read the first, second and third time and passed. Ayes 15, noes 1, (Mr. Spinks).

An ordinance to grade, pave and curb Fairfax street from King to Cameron street with vitrified brick and granite curb was recommended by the Committee on Streets, and read the second and third times and passed. Ayes 16, noes 0.

Death on Excursion Steamer.

Fatally stricken with heart disease Capt. Edgar Perry, division chief in the Pension Office in Washington, died on board the steamer St. Johns at 5:45 o'clock yesterday afternoon, just as the boat was preparing to leave Co'onial Beach. The deceased was 60 years old. As a result of his death some hundreds of excursionists were thrown into a momentary panic. Capt. Perry was chief of the Southern division in the Pension Office. With his wife and daughter he left Washington yesterday morning for Colonial Beach When the hour to return approached the family boarded the steamer with the crowds, and five minutes later Capt. Perry placed his hand on his heart and, gasping, toppled from his seat. Immediately some one rushed for restoratives, but the dying man could not be made to swallow anything. He died almost instantly. When it was realized that Capt. Perry was dead the coroner was hastily summoned by some one and an inquest was immediately held, while the boat waited. A jury was found and it decided that Capt. Perry had come to his death through natural causes. At 7:20, after being detained over an hour, the St Johns started on her return trip to Washington. Capt. Perry's body, attended by his wife and daughter, was left behind.

Supposed Murder in the County.

Fred Miles, colored, thirty-two years old, of Halls Hill, Va., was killed Monday night by being struck on the head with a rock, breaking his neck, in what is known as Dead Man's Hollow, near Rosslyn, Alexandria county. His body was found early yesterday morning by a passer-by. Yesterday afternoon, on evidence furnished by Commonwealth's Attorney Mackey, William Tenner, colored, of Georgetown, and Bernard Evans, also colored, of Halls Hill, were arrested on suspicion of being connected with the death of Miles. According to Mr. Mackey, Tenner and Evans were the last persons seen with Miles on Monday night. The three men were seen near the brewery at Rosslyn, fighting, when Mackey rode by, shortly after 7 o'clock. They stopped when they saw him and pretended they were playing. Later they dispersed. That was the last time Mills was seen alive. Tenner and Evans deny all knowledge of the crime. They say they were not in the vicinity of the Hollow after dark.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A white man, arrested by Officers Beach and Sherwood charged with cruelty to his wife, was dismissed, the complainant failing to appear.

H. L. Strider, arrested by the same officers for drunkenness, was held.

Charles Baltimore, arrested by Officers Lyles and Garvey charged with stealing three sacks of flour from Chas. King & Son, was sent to jail for 90 days.

Rebecca Quill, colored, arrested by Officer Jones charged with disorderly conduct toward Josephine Lee, colored, was dismissed.

Atlet Saptwon, colored, arrested by Officer Lyles and Garvey as a suspicious character, was sent to jail for 60 days.

Julia Braxton, colored, charged with leaving a nuisance on property lately occupied by her, had her case continued.

Delivered Up by Bondmen

Hugh Strider was arrested yesterday at the instance of his bondmen, who asked to be relieved of further security for his appearance at the next term of the Corporation Court. Strider was under the influence of liquor when taken into custody. He, it will be remembered, was recently fined $100 and sentenced to serve six months in jail for receiving goods stolen from R. E. Knight's store. Strider took an appeal to the Corporation Court and was released on bond for his appearance. He is now detained at the station house.

Suspicious Character.

Officers Lyles and Garvey last night arrested a negro who gave his name as Atlet Saptwon as a suspicious character. He appeared on King street where he attracted the attention of a number of people by his strange deportment. It was alleged that he caught a citizen by one of his arms and acted as though he intended to rob him. The darkey was sent to jail for 60 days by Justice Caton this morning.

Said He Found the Flour.

Charles Baltimore, colored, was arrested yesterday by Officers Lyles and Garvey charged with stealing three sacks of flour from Chas. King & Son. Baltimore was endeavoring to dispose of the flour at a cook shop when arrested. He was arraigned in the Police Court this morning when he said he found the flour under a platform in front of the premises of the Messrs. King. Justice Caton sentenced him to jail for 90 days.

Anniversary.

Tomorrow will be the 71st anniversary of the destruction of the First Presbyterian Church by lightning, on Sunday, July 26, 1835. Some of the older residents of the city remember the occurrence. The electric fluid in the twinkling of an eye ran all over the roof and in less time than it takes to tell it fire was consuming the structure. The church was almost a total loss.

Lost Diamond Stud.

Two Washingtonians came here yesterday and visited north Lee street. While in one of the resorts one of the visitors had a diamond stud, valued at $200, removed from his shirt front. He sought Officer Beach and told him of his loss, alleging that the stud was stolen by his companion. The latter had disappeared and could not be found.

Arguments to be Heard.

Judge C. E. Nicol, of the Circuit Court, will be in this city tomorrow to hear chancery arguments in the case of Park Agnew vs. the Jackson-Phillips Brick Company.

Personal.

Mrs. Emma McCuen has returned from Avondale and Birmingham, where she has been visiting, after a most delightful visit of several months.

Mrs. Jno. F. Cooke and family are visiting Mrs. Cooke's old home, at Alexandria, and Baltimore. She will be the guest of Mrs. Emma McCuen while in Alexandria.

Mrs Walter Scott Pessmore continues to rapidly improve and will soon be at at home, where her many friends are waiting to welcome her.

Capt. J. P. Woody will leave on Saturday next for Fauquier county where he will engage in mission work.

Mrs. Bedford Brown and Miss Mary Glen Uhler, after a pleasant visit to Atlantic City, have gone to the mountains of Virginia where they will spend the remainder of the summer.

Miss Maud Cogan is visiting at Bluemont.

Misses Mary and Nellie Robinson will leave tonight for Wrightsville Beach, N. C.

Mr. Samuel Levy continues quite sick with typhoid fever.

Mr. Sidney F. Sherwood has just returned from a canoe trip to Harper's Ferry.

Mr. A. H. Schwarzman and family left today for Colonial Beach.

Mrs. W. F. Fisher, accompanied by her little daughter, Baldwin, went to Lynchburg Monday to attend the funeral of her niece, Miss Lelia Poindexter.

Columbia Fire Company.

A meeting of the Columbia Fire Company was held last night, at which final arrangements were made for the company's visit to Richmond next month on the occasion of the meeting of the State Firemen's Association. Mr. J. L. Duffey was directed to procure suitable badges for the members.

Burned by Molten Iron.

Mr. Hiram Sutton, employed at the Alexandria Iron Works, was painfully burned while at work there yesterday. By an accident molten metal ran on his arms and other portions of his body. A physician was summoned and later the injured man was taken to his home.

Property Sales.

Mrs. Ida V. Brawner has sold to Mr. J. B. Nagel a house and lot No. 1307 Prince street.

Mr. J. B. Nagel has sold to Mrs. Ida V. Brawner a house and lot on the west side of Alfred street, between King and Prince.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow afternoon at 4 o'clock at the Children's Home on Duke street.

The regular weekly prayer meeting will be held at 8 o'clock at the Children's Home on Duke street.

Purchased Luna Park.

The Washington, Alexandria and Mount Vernon Railway Company have bought Luna Park from Frederick Ingersoll. The latter will be succeeded as manager by Clarence P. King, of Philadelphia. Ill health is the cause of the retirement of Mr. Ingersoll.

Funeral.

The funeral of the late Auburn C. Price took place this morning from Mr. B. Wheatley's undertaking parlors. The services were conducted by Rev. Mr. Ewell and the pallbearers were Messrs. G. L. Lyles, Edgar Lyles, S. H. Devaughn and John Nailor.

LOCAL BREVITIES.

A new electric lamp has been placed at the intersection of King and Royal streets.

The infant daughter of Mr. George C. and Mrs. Helen Heon died at the Alexandria Hospital yesterday.

Acacia Lodge of colored Masons went on an excursion on the steamer Jane Moseley to Somerset Beach today.

Chicken cholera is said to be prevailing in Fairfax county. Many fowls have died in the county south of this city.

A handsome flag surmounted the Carlin-Hulfish Company's store today, the occasion being the opening day of the new company.

The committee having in charge the celebration of Alexandria Day at Luna Park on Monday next met today to consider matters in connection with the occasion.

The bunch of cattle and flock of sheep driven through the streets this morning came from the stock farm of Mr. C. H. Keyser, of Thoroughfare, and were sold to Mr. O. F. Baggett.

There will be an ice cream festival at the mission at the corner of Pendleton and Columbus streets on Thursday and Friday nights at 6:30 o'clock. A valuable prize is to be given away during the festival.

The infant daughter of Mr. Harry Gray was seriously hurt yesterday by falling from the arms of a relative. The shoulder of the child was dislocated and she was taken to the Alexandria Hospital for treatment.

Two small colored boys in a small wagon came near being killed yesterday evening while coasting on King street between Fairfax and Lee. Their wagon collided with a two-horse team the horses of which jumped over the boys, missing one and just grazing the other. Their escape was wonderful.

A knock down and drag out fight between two white women living on Washington street, between Franklin and Jefferson, occurred on Sunday, and this morning about 3 o'clock a fight between men and women occurred in the same house.

News of the Day.

President Roosevelt's decision to personally direct the congressional campaign is being criticised as a part of his policy to control all the departments of the government.

The Prince de Chimay is seeking to have his marriage annulled on the ground that his wife, as Clara Ward, was mentally unfit to marry. She eloped with Rigo, a musician, about eleven years ago, and later quit him for a poor Italian.

It is announced that Queen Wilhelmina's condition is satisfactory, and it is expected she will regain her normal health shortly. This is the second occasion on which the hopes of the Dutch people for an heir to the throne have been shattered.

Attorney General Mayer in New York yesterday began an investigation of the American Ice Company. He is taking action under what is known as the Donnelly anti-trust law, which empowers the Attorney General to secure an injunction against a corporation which is shown to be conducting its business in restraint of trade.

The growing practice of suppression of divorce suits resulted yesterday in the issuance of an order by Circuit Court Clerk James J. Gray, of Chicago, notifying his deputies that all bills for divorce and separate maintenance must be given out for publication the day they are filed, whether service has been obtained on the defendants or not.

Elizabeth Annette Bell, nineteen years old, a daughter of Patrolman Thomas H. Bell, was accidently shot and killed by her twelve-year-old brother, Albert Bell, at her home in Baltimore yesterday morning. The tragedy occurred in an upstairs room. The boy was playing with a .32-caliber revolver in the room with his sister, when it was discharged, the bullet striking the girl in the back, just below the armpit.

Major Charles McCawley, United States Marine Corps, who has had a large part in the management of White House social functions during the Roosevelt administration, and Mrs. Sarah H. F. Davis, widow of Judge John Davis, of the United States Court of Claims, were married at Providence Hospital in Washington yesterday afternoon. The ceremony took place in the room to which Major McCawley for several weeks has been confined with an attack of typhoid fever.

By the explosion of a supposedly empty 40,000-gallon tank of gasoline at the works of the Standard Oil Company, in Durham, N. C. yesterday afternoon, Louis Holloway, was killed while Tom Lunsford, a negro, was so horribly burned that he will die. Holloway was blown from the top of a tank, his clothing stripped from his body, and the flesh burned. The negro fell inside the burning tank, his screams of agony telling his location. Firemen got on top, and, with a rope which he caught, drew him out, the burned flesh slipping from his hands and body.

Machinists Strike.

Serious trouble is feared from a strike among the machinists employed at the Glenwood shops of the Baltimore and Ohio Railroad, just outside Pittsburg, Pa. The Glenwood shops are "open," part of the machinists being union men while the others are non-union.

The trouble has been brewing for several weeks, and grew out of the discharge of Thomas M. Hampton, one of the union men. The latter also ask for the reinstatement of Hampton and for the dismissal of Master Mechanic J. F. Prendergast. They allege that the latter is a nephew of one of the officials of the company, and that for months past he has been discriminating against the union men.

On Monday the union men went out on strike, and yesterday afternoon they were followed by the non-union men. All the machinists employed at the shops, to the number of 150, are out. The men declare they will get other employes to go out, and that, within a few days, they will be able to tie up the entire Pittsburg division of the road.

The South Framingham Accident.

South Framingham, Mass., July 25.—This morning the searchers in the ruins of the collapsed Amsden building came across another body, buried in the debris. They have not yet been able to sufficiently uncover it to make identification possible. The inquest to determine the exact cause of the disaster begins today. C. W. Barnes, the architect who planned the building, has collapsed, and his condition is critical.

Pike's Peak In Summer.

The first part of the road to Pike's peak is through a picturesque ravine with a beautiful mountain torrent roaring and leaping through it. This ravine is a popular walk, and one sees many climbers who shoot their kodaks as the train passes, until one knows exactly how it feels to be a celebrity. As one goes on the climbers become gradually fewer, and after three or four miles they are left behind. Suddenly a new turn in the road shows that the first foothills have been surmounted and that we are climbing the vast bare side of the peak itself. The track stretches toboggan-like far ahead. Great views unfold. One looks down on lonely wooded valleys, where blue lakes glisten, on the tops of the mountains and over mountains to the plain that stretches away like the sea. It has grown cold, and patches of snow begin to appear. The date is Aug. 1, but in the snow heaps on the summit we shall soon be snowballing one another.—Four Track News.

Alabama's State Flag.

Over the historic capitol at Montgomery waves not the national flag, but the Alabama flag, and not one Alabamian in a thousand would recognize it if he saw it elsewhere than on the capitol. The flag in question has no history woven into it, for it was not adopted until 1895. It presents a St. Andrew's cross in crimson on a white field. Such a cross is shaped like a letter X, and the books suggest that the apostle Andrew died on a cross of that design. Few if any other states indulge in flags of their own. A flag is the symbol of sovereignty, and state sovereignty is limited by the federal constitution. When we were a part of Georgia we granted to the federal government the executive power of punishing treason, and if any one becomes a traitor to the Alabama flag we might have to call in the federal government in order to punish him.—Birmingham Age-Herald.

The Tongues of the Balkans.

Too many languages are spoken in the Balkans. A traveler in that region writes of the babel: "Turkish, Bulgarian, Serbo-Croatian, Roumanian, Armenian, Greek, Albanian, Kulzo-Wallachian, Chingeni, the language of the gypsies; Spaniole, the language of the Jews of Spanish or Portuguese descent, and the language spoken by the German, Austrian, Roumanian and Russian Jews. Add to this Arabic, Persian and Syrian, largely spoken in Constantinople; Italian, on the northeast coast of the Adria; Russian, in the northeastern parts of Roumania; various Austro-Hungarian idioms spoken in Bosnia and Herzegovina and the Caucasion languages of the Circassians and Georgians." Not one of these languages is of common use.

The Lone Star of Texas.

The origin of the Lone Star flag of the republic of Texas is not entirely clear. The claim has been made that it was unfurled in the present territory of Louisiana in 1810, but other searchers cannot find earlier trace of it than the presentation of such a banner to the company of Captain Andrew Robinson in May, 1835. Still another claim is made for a flag unfurled at Velasco Jan. 8, 1826, and said to have been made by a Miss Troutman of Nashville, Ga. One story has it that the star came from the fact that Governor Smith, for lack of a seal, used a brass button from his coat which bore a five pointed star.—St. Louis Republic.

The Word "Capsize."

Etymologists are driven to pure conjecture to explain the origin of the word "capsize." One of them suspects that it comes from the Spanish language, as so many sailors' words do, and may be connected with "cabecear," to nod the head in sleep or to pitch as a ship, and with "capuzar un baxel," to sink a ship by the head—"cabeza" meaning head. Another guess—based on the fact that "capsize" is an English dialect word for moving a hogshead by turning it over alternately on to its two heads—is that the word is simply "cap," a head, and "seize."

Kept Up the Wailing.

In Abyssinia it was once the habit of complainants to stand before the door of the king's palace, loudly appealing to his majesty for help. "So accustomed is the king," wrote one traveler, "to these querulous tones of sorrow that when the rains prevent such as are really distressed from repairing to the capital a set of vagrants is provided whose object it is to raise the cry of artificial sorrow lest he should feel a lonely quietness."

Sacredness of the Mantilla.

Many attempts are being made in London and in Paris to adapt the Spanish mantilla to our use. To the Spanish women the mantilla stands for all that is national and characteristic and so intimate a part of herself is the mantilla deemed that it is even held sacred by law and cannot be seized for debt.—London Country Gentleman.

THREE FACTS

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

KEEP YOUR SHOULDER TO THE WHEEL.

The big round dollar wheel—roll it along—roll as many as possible into the SAVINGS DEPARTMENT of this strong corporation where they will work day and night for you, earning 3 PER CENT. INTEREST compounded. Desiring to give the best possible advice we most earnestly advise you to save. Place yourself in a position to take advantage of a good opportunity when offered. To do this you must first of all deny yourself (not those dependant upon you) and SAVE MONEY. Little by little, but steadily see the account increase and some day you will look upon the amount accumulated and be able to say you actually saved that money AND SAVED IT OUT OF YOURSELF. You should then watch for the opportunities that are offered in this day of extraordinary commercial and other developments and invest the fund wisely and cautiously. Think this over today—ONE DOLLAR will start you—so why not begin at once. We invite you to call and talk this matter over with our officials.
